Additional Program Information

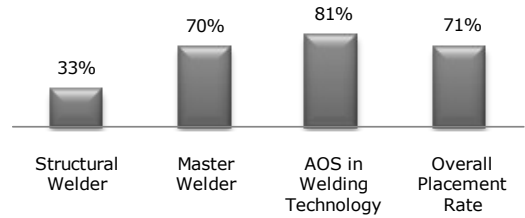

On-Time Graduation Rates

For all new students who started and completed their training within the normal time for completion between July 1, 2009 through June 30, 2010.

Placement Rates

For students who started and completed their training during the 12-month period for which 150% of normal time for completion has elapsed and who attained employment in their field of study as outlined on our annual accreditation report dated July 1, 2010.

Placement rates were calculated using the ACCSC Standards of Accreditation methodology.
