EVALUATION OF CREDIT FOR PREVIOUS EDUCATION AND TRAINING FOR VETERANS BENEFITS

Effective 6/7/2018, the policy regarding the evaluation of credit for previous education and training for veterans benefits listed on pages 41-42 has changed.

The VA requires that institutions evaluate previous education and military training for veterans utilizing education benefits. While a school may not grant credit for previous education and training, it is still required to conduct an evaluation. In order to complete the evaluation, students are required to provide institutions with transcripts for all previous post-secondary education, military education, and military training attended.

All enrolling students applying for Veteran's Educational Benefits must complete the Evaluation of Credit for Previous Education and Training Form to document prior education and training, including military education and military training. Students will not be certified for benefits past the initial certification period until this form has been completed and submitted along with appropriate military transcripts, and transcripts from all prior post-secondary institutions previously attended.

GRADES & GRADING SYSTEM

Effective 6/7/2018, the description for Audit (AU) status on the Grading System chart that can be found on pages 44 has changed. Please refer to the chart excerpt below for the most recent verbiage.

Letter(s)	Term	Grade Point Value	Description
AU	Audit	N/A	This is used when a current student or graduate takes a previously passed course to brush-up or refresh skills, for interest only and not for credit.
